When I learn that Cthulhu is going to wake up and cause the end of the world, I go to R'lyeh to make sure he stays asleep.

- A translation of Le jouet de Cthulhu by MiaQc

Note: I saw Ariel/Cthulhu in the tags and had to write smut for them.

When I learn that Cthulhu is going to wake up and cause the end of the world, I go to R'lyeh to make sure he stays asleep.

The cursed city, engulfed in deep water, is so strange that I don't even know if I'm approaching Cthulhu or going round in circles.

Finally, after what seems like hours, I find a large door. The door opens and I see him. Cthulhu. Seeing him should drive me mad, but I'm still sane. Suddenly, he opens his eyes. *No, he's awake! Now what?*

I don't have time to think as Cthulhu seizes me. I struggle, then my mermaid body transforms to become human. I was about to ask him what he intends to do with me when he slides one of his fingers over my pussy and clit. I let out a little moan.

No. Cthulhu gently enters his finger into my vagina. *No!* He caresses my inner walls, wetting me from the inside. I moan again, louder. *Only Eric has the right to touch me like this.* He squeezes my G-spot repeatedly, penetrating my pussy again and again with his finger. *He's... raping me. NO!* I scream as I cum.

Cthulhu isn't done with me yet. He uses his tentacles to press my breasts and pinch my nipples. I moan more and more. When Cthulhu thrusts his cock into my vagina, I can no longer think. My body and mind are lost in pleasure and lust.

He pulls his dick out and pushes it deep into my pussy. Again. Again. Again. I moan, I orgasm. I want him to go on forever. Cthulhu ejaculates inside me. I smile and invite him to slide his beautiful dick between my breasts. Then I'll suck his cock to taste his divine sperm.

I am Ariel. I am Cthulhu's toy. I am happy.
